

internet security 2011

Business Edition

Ultimate business protection
for your laptops, workstations,
file and email servers

The internet is your business's key to success; from online transactions and email communications to handling sensitive customer data.

With multiple layers of protection, smart scanning and a user-friendly management console, AVG Internet Security Business Edition 2011 is the ultimate solution for businesses that need peace of mind from software that's engineered to be high on protection, light on resources and easy-to-use.

FASTER, LIGHTER AND MORE POWERFUL

AVG Internet Security Business Edition 2011 includes priority updates, has a brand new look and feel and is more intuitive to use than ever before. Now you can:

- ✓ **Save valuable time for your business** with AVG Smart Scanning
AVG Smart Scanning scans while you're away and runs in low-priority mode when you're working.
- ✓ **Keep hackers out of your network** with AVG Firewall
AVG Firewall now includes smart intrusion detection capabilities to keep your networks—whether they are wired or wireless—even more secure.

PEOPLE-POWERED PROTECTION

- ✓ **Install and deploy simply and rapidly across your business network** with Remote Administration Console
Customizable and easy-to-use remote admin console puts you in control by enabling remote installation, deployment and management of your business network security no matter where your employees are located.
- ✓ **Benefit from the most up to date protection** with AVG Protective Cloud Technology. You won't get disturbed as AVG constantly carries out tests 'in the cloud' to identify the latest emerging threats, develops solutions—on our machines—and deploys them to yours. Your business will always have the most up to date protection for every threat we discover.
- ✓ **Benefit from the AVG community** with AVG Community Protection Network
The AVG Community Protection Network acts like a neighborhood watch for the online world, helping everyone in the online community to protect each other.

SUPERIOR WEB SAFETY

- ✓ **Secure your business automatically from the latest and toughest internet threats** with AVG LinkScanner®
Shows safety ratings in search engine results and ensures every web page your staff visits is safe—even before they go there.
- ✓ **Promote your business safely on Social Networks** with AVG Social Networking Protection™
Real time, automatic checking of links exchanged within Facebook and MySpace keep your business safe during the ever increasing use of social networking.
- ✓ **Protect your business's identity and ensure safe online business transactions** with AVG Data Protection. AVG Data Protection goes way beyond typical identity theft protection solutions and identifies software that is behaving suspiciously in order to protect your business data and identity.

COMMUNICATE SAFELY AND EFFICIENTLY WITH CUSTOMERS, PARTNERS AND SUPPLIERS

- ✓ **Safe and clutter free inbox** with AVG Anti-Spam.
Marks all unwanted emails as spam, protecting you and your business from online scams and keeping your inbox clutter free.
- ✓ **Unclutter and protect your email servers** with AVG email server protection.
Keeps your email servers free from viruses and spam, ensuring the smooth running of your vital email system.

Plus, you get all the benefits of

- Ultimate endpoint security for your employees' Laptops and PCs
- File Server protection to prevent malware from spreading across your network
- Email Server protection against spam, phishing and email threats
- Automated Security Updates plus security monitoring and reporting
- Centralized configuration, reporting and updating
- One-stop license management
- Security policy enforcement

Here's how AVG Internet Security Business Edition 2011 protects your business

KEEP THE INTERNET SAFER FOR YOUR BUSINESS, STAFF AND CUSTOMERS

AVG LinkScanner® (ENHANCED) | Ensures every web page your staff visits is safe – even before they go there

AVG Identity Protection™ | Identifies software that behaves strangely in order to protect your business identity

AVG Social Networking Protection (NEW and UNIQUE to AVG) | Protect your business on social networks

AVG LinkScanner Superior Phishing Protection | Checks to ensure web pages and e-mails are genuine

COMMUNICATE SAFELY WITH CUSTOMER, PARTNERS, SUPPLIERS

AVG Anti-Spam | Prevents phishers, scammers, and spammers from clogging workstations and servers

AVG Email Scanner (ENHANCED) | Cleans your e-mail system of harmful message attachments and dangerous links

AVG Online Shield™ | Allows your business to download and exchange files without risk of virus infection

SMARTER SECURITY THAT WON'T SLOW YOUR BUSINESS DOWN

Smart Scanning (NEW) | Works while you're not and doesn't waste time scanning files we know are safe

Smart Firewall (ENHANCED) | Keeps hackers out and your networks (wired and wireless) secure

AVG Anti-Virus, AVG Resident Shield and AVG Smart Anti-Rootkit (ENHANCED) | Makes sure your business can't receive or spread even the toughest of viruses

Anti-Spyware Scanner | Keeps your business free from viruses, spyware, worms, Trojans and other threats

AVG Protective Cloud Technology (NEW) | Identifies and protects against emerging and previously unknown threats

EASY TO INSTALL AND MANAGE SOLUTIONS THAT ALLOW YOU TO FOCUS ON YOUR BUSINESS

Customizable Remote Admin Console (ENHANCED) | Enables you to simply and rapidly install and manage AVG across your network

System Tools (ENHANCED) | Allows you to tailor the way Internet Security works to protect your network

Priority Updates | Makes sure your business is always protected against the latest threats – automatically

Auto-Fix Button (NEW) | Provides one click to resolve common issues on individual workstations

Support and Assistance | Technical experts available to help, 24/7

Rescue CD | Makes sure your network can be recovered from a serious existing infection
